

# Thorium-Fueled Gen 4 Advanced Nuclear Critical Materials | The Future of Energy

Learn how Thorium-Fueled Molten Salt Reactors are the cornerstone of Gen-4 Reactor Technology and Domestic Energy Portfolio.

## Briefing highlights will include:

- Marco Rubio Rare Earth Cooperative Bill
- Molten Salt Energy and Process Heat
- Advanced Manufacturing
- Critical Materials
- Defense & Private Sector Applications

## The U.S. Capitol Visitor Center

First St NE, Washington, DC 20515

Capitol Visitor Center: SVC 215

2:00 – 3:30 pm | Friday July 26

(light refreshments will be served)

Please RSVP: [thoriumenergyalliance@gmail.com](mailto:thoriumenergyalliance@gmail.com)

## Speakers:

John Kutsch

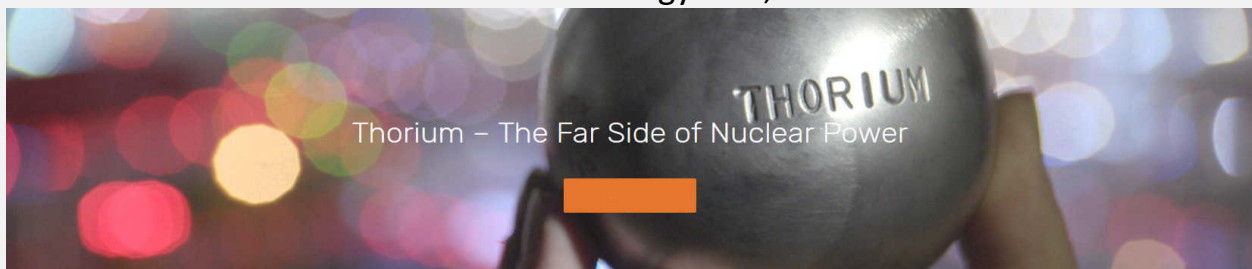

Executive Director - Thorium Energy Alliance

General John Adams

Critical Materials Supply Expert

Vice Pres of Business Development

Terrestrial Energy USA, Inc.

Stay for a 20 minute version of Award-Winning Thorium movie. ([msrfilm.org](http://msrfilm.org))
